PERSONAL STATEMENT

High-agency Computer Science graduate (2:1) specializing in Machine Learning, AI and Agentic Simulations. Blends technical engineering depth with 2+ years of professional content production. Proven ability to bridge the gap between technical stakeholders and external audiences. I am a proactive builder looking to own the intersection of product operations, growth, and autonomous agent development as a Founder's Associate.

PROJECTS

Final Year Project: HandTyper - Hand Gesture based PC Interaction

- Develop a real-time hand gesture recognition system as an alternative to traditional mouse and keyboard interaction.
- Use libraries such as Mediapipe, OpenCV, and TensorFlow to build a computer vision model that translates BSL signs into keyboard input and hand landmarks into mouse control.
- Implement landmark detection to track hand points and interpret gestures for corresponding computer input actions.

University Open Day Guides w/ NFC Tags

- To assist prospective students during the University Open Days whilst upholding the university's commitment to sustainability. I introduced a new interaction framework where staff members would have NFC tags linking towards a digital guide for the University and the relevant event.
- This reduced the need for printed materials and allowed for easy access to information via smartphones.

Coursework Project: TAS Speedruns and the use of AI in Games

- This project involved me and my coursework group researching into different ML algorithms which are commonly used within the controlling of CPU players in video games and creating our own implementations of ML algorithms to onto the game "Super Mario Bros" to create a CPU player which would be able to complete levels in the fastest time possible.
- My own implementation included the use of the MCTS (Monte Carlo Tree Search) algorithm and pathfinding to create an AI agent which would be able to play through levels of Super Mario Bros.

EDUCATION

BSc (Hons) - Computer Science - 2:1

University Of Greenwich

📅 Sep 22 – Jul 25 📍 Greenwich, London

- Modules inc. Human-Computer Interaction, Machine Learning, Applications of AI, Software Engineering, Data Structures and Algorithms, Advanced Programming, Operating Systems etc.

A Level

University of Kent Academies Trust

📅 Sep 20 – Jun 22 📍 Gillingham, Kent

- Subjects: Information Technology (D*), Business Studies (D*), Finance (BB)
- 152 UCAS points

GCSE

Brompton Academy

📅 Sep 15 – Jul 20 📍 Gillingham, Kent

INTERESTS

Technical

- Human Computer Interaction
- Cloud Computing
- Hardware Engineering
- Machine Learning
- Video Editing

Hobbies

- Content Creation / Social Media
- Music
- Traveling
- Gaming

VOLUNTEERING

Society President

comptech.gre (Greenwich Students Union)

📅 Sep 24 - Jul 25 📍 Greenwich, London

Programme Representative

Greenwich Students Union

📅 Sep 23 - Jul 24 📍 Greenwich, London

SKILLS

English
Tagalog/Filipino
Spanish

EXPERIENCE

Social Media & Content Operations

University of Greenwich

 June 2023 - Oct 2025  Greenwich, London

- Conceptualised and produced technical video content for the Faculty of Engineering & Science, managing the full production lifecycle from storyboarding to final render.
- Collaborated with technical stakeholders (Professors, Researchers) to translate complex engineering concepts into accessible digital content, demonstrating the ability to bridge the gap between deep tech and user experience.
- Maintained brand consistency across multiple platforms, ensuring high-fidelity output for major university campaigns (Clearing, Open Days).
- I've additionally participated within the content creation for various marketing campaigns in the University (Inc. Clearing, Open Days etc.) as well as starred in the University's Profile video for the Computer Science suite of degrees on YouTube.

Student Ambassador

University of Greenwich

 Oct 2022 - Oct 2025  Greenwich, London

- This role had allowed me to work for multiple different departments within the University including UK Student Recruitment, Outreach as well as roles within my own faculty.
- Produced automated workflows to assist with the preparations of University events and to analyse engagement of attendees.
- I had to constantly adapt my workflow and stance to appease the different stakeholders that I worked with as well as ensuring the I've furtherly received the University of Greenwich Instrumental Ambassador Award in 2024 for the contributions I've made in my role to the Scheme as a whole.

Teacher Assistant

Brompton Academy

 Jan 2022 - Jul 2022  Gillingham, Kent

- As a Teacher Assistant for Brompton Academy, I was responsible for supporting Year 10 students with their learning in Business Studies. I assisted in lesson preparation, provided one-on-one support to students, and helped manage classroom activities to create a positive learning environment.

SKILLS

Instrumental Ambassador Award 2024

Received at Greenwich Employability Awards for Performance and contribution to the scheme over the year.

Making a Difference Award 2024

Recieved from the Faculty of Engineering and Science for volunteering and contribution to the University community.
